Blair Family
Tree fund

SCHEDER
ARBORETUM & GARDENS

The recent gift of the Blair family, earmarked for Schedel Arboretum & Gardens tree care and planting, makes possible a new endowment fund for the long term maintenance and improvements of our outstanding tree collection.

This money will be invested to create a permanent interest earning fund to pay for immediate needs from storm damage, removal of dead wood, treating pests and diseases, fertilizing and feeding trees, and planting new desirable species.

Carrie Blair, niece of Laurel G. Blair, 1909-1994, whose lithophane collection came to Schedel Arboretum & Gardens in June, is so keen to support the arboretum that she made a large initial gift. It is her hope that the community will recognize the extraordinary special place they have here in Elmore, and that they will continue to support the Schedel Society in making it the best arboretum it can be.

With the collection of over 734 trees made up of 174 species, representing 80 genera, this estate showcases the finest trees from around the world, in a very accessible, gracious location.

Schedel Garden & Arboretum ranks as a regional arboretum for Toledo where scientific research and data collection can be conducted, while the public has access to beautiful, well-maintained grounds.
